Dear Dr. Saleh:

I, along with the teachers/staff listed below want to thank you for spaying "Mama" on Thursday, February 9, 2012. Please know that your willingness to "go the extra mile" for this cat and her family has not gone unnoticed. The family is appreciative as they did not have the monetary means to have her spayed. Considering I was told she was pregnant again, waiting for Hillsborough County to provide a voucher for a \$10.00 spay would have put "Mama" at a critical point in her pregnancy and more at risk I assumed. Your prompt response to Dr. Danielson's inquiry and coordination with me put everyone involved in this case at ease and we could breathe a little easier.

Thank you, Dr. Saleh for your generosity. All the teachers of this family's children who attend Citrus Park Elementary plus the school's registered nurse and school psychologist have pitched in to pay for the extra immunizations and flea treatment. These Citrus Park Elementary staff members have these children's best interest at heart and, in addition, we all have the Lopez animals best interests at heart too! Anything extra and above the final bill will be donated to your Angel Fund.

Sincerely,
